***LA CORONILLA** Hay un fuerte vínculo entre esta devoción y el movimiento pro-vida. El Padre Seraphim Michalenko, MIC, quien fue el traductor principal del diario de Sor Faustina, y el postulador de su causa para la canonización, escribe lo siguiente: "En las tres últimas ocasiones, de 8:00-11:00 de la noche, ella sintió que sus entrañas habían sido rasgadas. Sufrió tanto que pensó que iba a morir. Los doctores no podían encontrar que enfermedad tenía, y ninguna medicina le aliviaba el sufrimiento. Más tarde le fue dado a conocer que ella estaba pasando esos dolores por las madres que abortaban a sus hijos." (Diario 1276) En el 2003, el Papa Juan Pablo II emitió una Bendición Apostólica a todos aquellos que rezaran la Coronilla de la Misericordia "por las madres que querían abortar sus retoños; por los infantes que sería muertos en el vientre; por un cambio de corazón en los que proveen los abortos y su s colaboradores; por las víctimas humanas de la investigación de la célula madre, por la manipulación genética, la clonación y la eutanasia, y por todos los que han sido encomendados con el gobierno de las personas, para que promuevan la Cultura de la Vida, y pongan fin a la cultura de la muerte."*

**THE CHAPLET OF DIVINE MERCY** There is a close link between this devotion and the pro-life movement. Fr. Seraphim Michalenko, MIC, who was a principal translator of St. Faustina's diary, and the postulador of her cause of canonization, writes the following: "On at least three occasions, from 8:00-11:00 in the evening, she felt like her insides were being torn apart. She suffered so much that she thought she was going to die. The doctors couldn't figure out what was ailing her, and no medication was able to alleviate her sufferings. Later, she was given to understand that she was undergoing those pains for mothers who were aborting their children (Diary, 1276). In 2003, Pope John Paul II issued an Apostolic Blessing to all who pray the Divine Mercy Chaplet "for mothers, that they not abort their offspring; for infants in danger of being put to death in the womb; for a change of heart of providers of abortions and of their collaborators; for human victims of stem cell research, genetic manipulation, cloning and euthanasia; and for all entrusted with the government of peoples, that they may promote the Culture of Life, so as to put an end to the culture of death."
